Sunset Beach Paddle Fest 2016

The Sunset Beach Business & Merchants Association is pleased to sponsor the second annual Sunset Beach Paddle Fest on September 24, 2016 from 9:00 a.m. to 5:00 p.m. at the Sunset Beach Park. This festival will be a family-oriented event with vendors' booths, kayak and paddleboard races, food, craft beer and activities and events for children. Prizes will be awarded for 1st, 2nd & 3rd place in all divisions for both men and women. All racers will receive raffle tickets for prizes, tickets for lunch and t-shirts in their swag bag.

Race Rules and Regulations

- Each boat will be inspected by the race organizer prior to each race to ensure that there are as many working Personal Flotation Devices (PFDs) as there are persons on board. PFDs must be usable and reachable. They must not be torn, they must be the proper size and they may not be tied or taped in such a way that they cannot be accessed easily. PFDs must be Type I, II, III or V approved by either the US Coast Guard or the state of North Carolina.
- If PFDs are required to be worn, they must be worn as the manufacturer designed them to be worn.
- Each boat must have at least one whistle while on the water.
- Each boat will be inspected each time it goes out at the event. If there are different races with different paddlers on board, each time the boat goes out it will have to be certified. If the paddlers are the same, the inspection needs be performed only once.
- Each boat will carry a minimum of one (1) bailer, which will be tied into the boat. It is recommended that each boat have two (2) bailers, one tied on and one free. When boats are inspected for PFDs, bailers will be checked also.
- There will be a pre-event meeting for all participants where the race organizer will review the course, potential hazards, medical emergencies, communications and safety procedures.
- The use of alcohol or mind-altering drugs by participants is prohibited prior to and during the race.
- No paddler may interfere with another paddler. All racers must stay within the course. No racers may round a buoy in the wrong direction in order to gain an advantage.
- All participants will be required to sign a Waiver and Release of Liability form when they check in at registration.
